Dear President Jensen,

Please consider this formal notification, per established process, of the potential to repurpose academic space FL1-109.

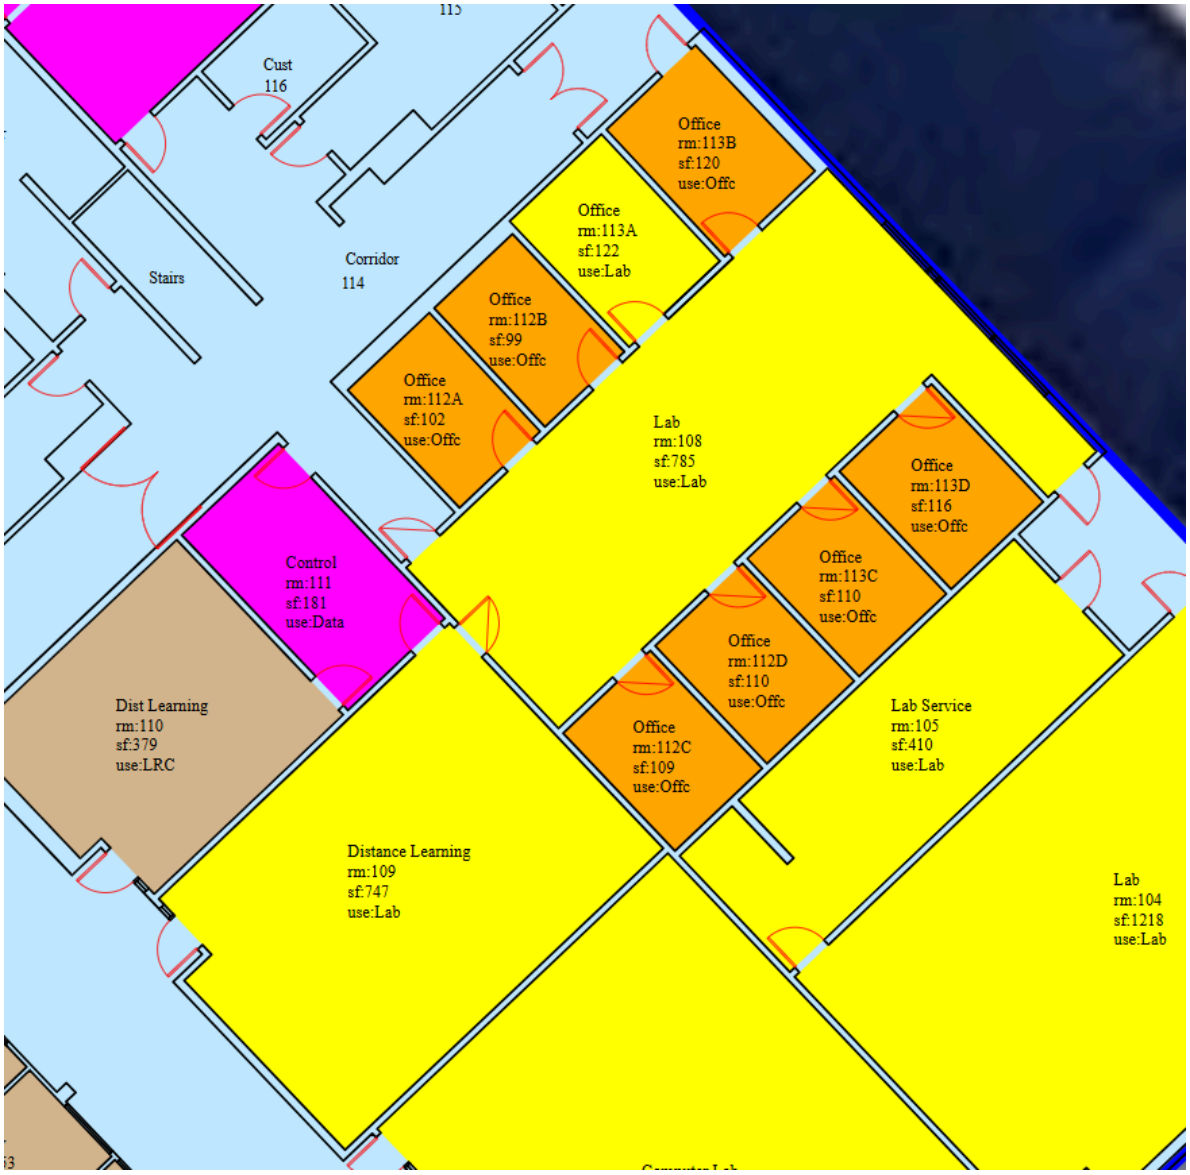

As you are aware this has been an informal discussion item since Spring 26. The need arose from compliance issues surrounding DSPS and a dedicated proctoring space, which currently does not exist. After a review of options we have identified FL1-109 as a potential location. We identified FL1-109 because of its centralized location and direct connection to DSPS, FL1-108. Please see map below. We also have the ability to provide similar services, currently offered in FL1-109, in other rooms on campus.

Per process we will bring this potential repurpose to Budget Facilities Planning Committee (BFPC) on September 3, 2026 to solicit input from the college community. After receiving feedback, I will route comments to the President for consideration.

Please let me know if you have any questions.

Thank you,

Dan McKechnie
