Notification of Space Repurposing Proposal.pdf;

Hey Wonderful Faculty,

Before you head out on a well-deserved three-day weekend, I wanted to draw your attention to a couple of agenda items that will be up for discussion at our next Academic Senate Meeting scheduled for this Tuesday, September 8th.

The FLC College Administration has officially notified the Academic Senate that they are proposing to repurpose FL1-109, for those that have been here a while it's the ITV classroom, to be used for DSPS proctoring. The official notification was sent by VPA Dan McKechnie and is attached to this email. The Senate will discuss the issue to solicit feedback on the proposal in an effort to have a formal recommendation to the College President, in accordance with the Repurposing Existing Space process as outlined in the Budget and Facilities Handbook.

Several Faculty have expressed concern over the limited time that our students have access to test proctoring services at DSPS. The Senate will discuss the concern and seek to direct their President with meaningful actions that will help lead to expanded services for some of our most vulnerable students. For reference, the hours that test proctoring is available for our DSPS students are:

Proctoring days and locations
FLC (CFE)
Monday/Wednesday/Friday 9:00 am - 4:30 pm
Tuesdays/Thursdays 12:00 pm - 4:30 pm

EDC (DSPS Office)
Thursdays 9:00 am - 4:30 pm

For those that have input on either of the items above that you feel the Senate should be aware of, I invite you to come to our Senate meeting or to feel free to send your insight to your Academic Senate representative.

I hope you have a wonderful Labor Day Weekend!

Take care,

Wayne
